Ceri,

Eifion will pull together the detail on the outstanding issues that you have raised and we will send it on to you. We suspected because the press reported that you were conducting an investigation that it would bring other people who have not had their planning consent or are unhappy that someone else has had consent out into the open, as they will now see you as yet another avenue of appeal, in addition to WAG or the Ombudsman. Let us hope this isn't going to be a trend.

Regards

Mark

Please see the attached letter from me regarding the above.

Are you happy for us to liaise directly with Eifion in the first instance on outstanding issues?

Regards

Ceri
