# We know the principles and how we should be working in the Public Sector...

- Chair of Public Services Board for Flintshire and Wrexham
- Represent the Third Sector at a Strategic level locally, regionally and nationally
- So many references to the PSB and the Regional Partnership Board as the Governance structure overseeing areas of Public Service
- In taking on the role as PSB Chair, wanting to ensure we were making a change at a Strategic level – reducing the time spent on what would have happened anyway – making sure we are all accountable in our Strategic roles for making that difference AT A STRATEGIC LEVEL

# Social Services and Well-being (Wales) Act 2014

*The Social Services and Well-being (Wales) Act 2014 (SSWBA) was introduced on 1st April 2016 and provides a new legislative framework for care and support in Wales*

*Part 9 of the Act requires local authorities and Local Health Boards (LHBs) to establish Regional Partnership Boards (RPBs) to manage and develop services to secure strategic planning and partnership working and to ensure effective services, care and support are in place to best meet the needs of their respective population.*

- Voice and control – putting the individual and their needs, at the centre of their care, and giving them a voice in, and control over reaching the outcomes that help them achieve well-being
- Prevention and early intervention – increasing preventative services within the community to minimise the escalation of critical need
- Well-being – supporting people to achieve their own well-being and measuring the success of care and support
- Co-production – developing ways of working whereby practitioners and people work together as equal partners to plan and deliver care and support
- Cooperation, partnership and integration – improving the efficiency and effectiveness of service delivery, providing coordinated, person centered care and support and enhancing outcomes and well-being

# How is your PSB working with the RPB?

*Diolch*  
*Thank you*
