Energy Management

I am writing to provide information regarding your request our responses are provided in **bold**:

- Please provide the HH and NHH consumption details for EDF contract – **Shown under points 9 and 10 below.**
- please share the contract information for Gas – **We do not have a gas contract but have supplied relevant information under point 8 below.**
- please share the NHH, HH, Gas and Specialist Gas/Liquid meter points of Energy Management Under points 9 and 10 below. **We do not have an energy management system.**
- please confirm when the Energy Management System will be implemented. It would be helpful if you mention the month/year. **Not currently planned.**

This follows on from a response to a previous request sent back in June. I have updated this to reflect the current position as below:

1. Energy Provider – EDF through the Crown Commercial Service framework for electricity

2. Annual Spend for each provider for the past 3 financial years. 2023-24 £29K, 2022-23 £62K, 2021-22 £59K

3. Contract Duration (Including any extensions) New contract to commence 1 January 2025, expiry of 31 December 2028

4. Contract start date – 16/03/2023 and 14/8/2019

5. Contract Expiry Date – 31/03/2024, 1 extension

6. Contract Review Dates – 1/02/2025 no further reviews, new contract to commence

7. Contact details of the person responsible, including job title – Laurie Davies, Head of Business Services

8. Total Consumption of Gas, please provide me with the latest figure in cubic metres. Estimated at 4,650 Kwh per annum (CM is not available). Based on a reduced footprint from a relocation late 2023, calculated based on historic Kwh against size of new space, recharged by Landlord. For completeness, we relocated 2 premises during 2023. Our usage was 8,600 Kwh in 2023-24 and 49,428 Kwh in 2022-23 (CM is not available, figures relate to 2 premises no longer held by our organisation).

9. Total Consumption of Electricity (NHH), please provide me with the latest figure in kWh for the past 3 financial years. 112,722 Kwh in total for previous 3 years (of which - 82,314 Kwh under contract, 30,408 through service charges by Landlords, not under contract).

**10. Total Consumption of Electricity (HH), please provide me with the latest figure in kWh for the past 3 financial years. 724,515 Kwh in total for previous 3 years (of which - 648,880 Kwh under contract and 75,635 Kwh through service charges by Landlords, not under contract)
(Kwh shown is not reflective of current position, whereby we relocated two offices in 2023, downsizing substantially)**

Energy Management System Contract(s) - Contract(s) relating to the organisation's energy management system. An energy management system (EMS) is a system of computer-aided tools used by operators of electric utility grids to monitor, control, and optimise the performance of the generation or transmission system. N/A

If the organisation does not have an Energy Management System, please confirm when this will be implemented. It would be great if you mention the tentative date/month. – **Not currently planned**

If you have any queries regarding the handling of your request, please do not hesitate to contact me.

Yours sincerely,

Information Officer
